

NEW FOR 2011
Smart Speed™
Control System

EASY MANEUVERING • PRECISE CONTROL
 Nothing beats a zero-turn mower when it comes to maneuverability and speed. Toro takes these benefits one step further with its exclusive Smart Speed control system.

Smart Speed lets you choose different ground speed ranges with the flip of a lever, either 0 to 11km/h or 0 to 6.4km/h, without changing the engine or blade speed.

Now, you can mow large, open areas at a high speed to finish quickly. Or, choose the slower speed range when maneuvering around trees, gardens and landscaping – with the same range of motion in the control arms.

Work Smarter, Not Harder.

The time saved with a Toro zero-turn mower quickly adds up. Find your yard size on this graph and discover how much mowing time our customers have reported saving with their Toro zero-turn mower. The only question is, what are you going to do with all your extra free time this summer?

*Time savings by yard size are from 2007 to 2008 survey results for Toro residential zero-turn mowers, as reported by owners.

MAKE THE
SMART
CHOICE

TIMECUTTER® ZS ZERO TURN MOWERS

NEW
SMART SPEED™
 Control System

TimeCutter® ZS
 ZERO-TURN MOWERS

Introducing the new TimeCutter ZS, offering the time-saving speed and agility of a zero turn mower with greater control than ever before.

NEW SMART SPEED™

This exclusive Toro innovation brings the TimeCutter ZS to another level of performance by providing greater control of speed and maneuverability.

AUTOMATIC PARKING BRAKE

Brake automatically activates when control arms are moved outward.

3-YEAR LIMITED WARRANTY

Backed by one of the best warranties in the business, you can count on the TimeCutter ZS to perform season after season.

TORO. Count on it.

GET THE ALL NEW
TimeCutter® ZS
 TO SUIT YOU AND YOUR GARDEN.

NOW IN MORE DECK SIZE CHOICE.

Starting from the very versatile and small 32" deck, the all round 42" deck right up to a large area mow with the amazing 50" deck.

TORO Count on it.

Additional Features

AUTOMATIC PARKING BRAKE

Automatically engaged when the control arms are moved outward. Eliminates the need for a separate parking brake, making operation easy.

POWERFUL ENGINES

Kohler® engines provide dependable performance and reliable starting while Kawasaki® V-Twin engines provide smooth, quiet and powerful performance.

COMFORTABLE SEATS

15" high-back or 18" extra-tall seats provide ample back support for a smooth, comfortable ride.

11 LITRES FUEL TANK WITH SIGHT GAUGE

Higher capacity fuel tank lets you mow longer while the convenient sight gauge provides a quick view of fuel level. The large gas cap makes fill-ups easy.

HEAVY DUTY 10 GAUGE FRAME

The heavy duty 10 gauge frame provides increased strength, durability and reliable performance.

THREE-YEAR LIMITED WARRANTY

Backed by one of the best warranties in the industry, the TimeCutter ZS will perform season after season.

See owners manual for warranty details.
